Faces & Stories
5th Annual Municipal Building Art Exhibit

The City of Oxford, in collaboration with the Oxford Community Arts Center (OCAC) and the Public Arts Commission of Oxford (PACO), invites artists to participate in the 5th Annual Oxford Municipal Building Art Exhibit, a year-long display celebrating the creativity and vision of our local art community.

The theme for this year is Faces & Stories. This portraiture exhibition explores identity, personality, and human connection through the art of portraiture. This exhibition invites artists to interpret the human face and figure through a variety of media, including painting, photography, drawing, sculpture, and mixed media. Portraits may be traditional, abstract, or conceptual, highlighting the many ways art can tell the stories of individuals and communities.
