Campus Ave. to travel east on Chestnut St. A pedestrian was at the southeast side of this intersection, had pushed the crosswalk button, and then proceeded to cross Chestnut St. at the same time as Unit 1 was making it's left turn. The driver of Unit 1 stated that he had the green light to make the left turn and did not see the pedestrian enter the crosswalk. The pedestrian stated that Unit 1 did have a green light but the white walking signal was also on as she was walking across Chestnut st. in the marked crosswalk. I got four statements from witnesses who saw the crash including a pedestrian who was behind the struck pedestrian who stated the light for Unit 1 was green but the walk signal for the pedestrian was white and illuminated. | | | | | | | | | | | |
