

Full Inspection Residential Rentals

City of Oxford, Ohio Approved Rentals - Listing #1

The following rental listing is one of two documents provided by the Community Development Department on a monthly basis. This is a listing of residential rental properties that have had full interior and exterior inspections for the most recent required inspection (once every 18-24 months). This list does not include properties that do not have any rental permit (renting without a permit) or that have had only an exterior inspection (Listing #2).

Why are there two lists?

- In 2015, a United States District Court judge found that unwarranted residential rental inspections were taking place in conflict of the 4th Amendment of the United States Constitution.
- In 2016, after legal review, the City of Oxford revised its Property Maintenance Code to provide an option for a property owner to opt-out of the full interior inspection. As part of the revisions, the City reserved the right to obtain a search warrant from a court.

Who may be interested in this reviewing this list?

- Tenants looking to educate themselves before signing a lease
- Family members, caregivers or other agents acting on behalf of tenants
- Rental agents, property owners or prospective buyers interested in knowing current status
- Appraisers or bankers compiling information for financial assessments
- Neighbors interested in the status of a property before reporting it to the City

What kinds of properties could or should these lists include?

- Any property within the City that is utilized as a residential rental property, such as but not limited to:
 - House, Duplex, Triplex
 - Lodging house
 - Multi-family building / Apartment building (also inspected by Oxford Fire if contains commercial space in same building)
 - Fraternity/Sorority house (also inspected by Oxford Fire Department)

What these listings do not include:

- Commercial properties inspected by Oxford Fire Department
- Properties outside of the Oxford Corporate Limits which may have an Oxford zip code address
- Miami University-owned facilities
- Inspection date of the residential rental
- Actual occupancy of each residential rental (only includes the maximum permitted occupancy)
